## **IQRA Bilingual Academy Uniform Policy**

There are many advantages to having a school uniform. Not only does a uniform promote equality amongst students but it also fosters self-discipline and self-esteem. We live in a society that promotes un-Islamic images and inappropriate fashions. A uniform not only discourages students from following un-Islamic behavior but it also encourages them to concentrate on their studies.

Strict adherence to this policy is expected. Any issues that may arise regarding the uniform that are or are *not* addressed in this document will be decided by the Administration. The Academy reserves the right to modify these guidelines as needed. Parents/students will be given adequate notification accordingly.
